

Favourite item of clothing...

Writing labels and captions is an easy way of helping children create their own non-fiction texts. Children can also be encouraged to think of reasons why they like something – instead of just saying 'because it's nice!'.

© Hamilton Trust, 2008. Y1.

What to do...

1. Draw your favourite thing to wear – make sure you draw it VERY carefully.
2. Label all its special features.
3. Then write a sentence about why you like it!

This is my favourite T-shirt. I love it because I love space and I love meerkats.
