

What to do...

1. Write down the names of all the people in your family.
2. Fill in the tags for some of the members of your family.
3. You can cut them out and attach them to surprise gifts for your family (e.g. to the remote control or to an EMPTY mug for a cup of tea!).

Gift tags

This activity helps children to memorise a few significant and commonly used words. It also encourages them to write legibly and neatly – as we have to do on a tag!
