

Moon landings

Children can use their imaginations in this activity, but can also write labels and captions in a style familiar from information books. Support your child in writing good descriptive labels and informative captions.

© Hamilton Trust, 2008. Y1.

What to do...

1. Imagine that you land on the moon. You see a moon-creature!
2. Draw it here.
3. Write labels and captions to make it clear what type of creature it is!
