

Science curriculum by aspect for each year group

Science		
Three and Four-Year-Olds	Communication and Language	<ul style="list-style-type: none"> <li>• Understand 'why' questions, like: "Why do you think the caterpillar got so fat?"</li> </ul>
	Personal, Social and Emotional Development	<ul style="list-style-type: none"> <li>• Make healthy choices about food, drink, activity and toothbrushing.</li> </ul>
	Understanding the World	<ul style="list-style-type: none"> <li>• Use all their senses in hands-on exploration of natural materials.</li> <li>• Explore collections of materials with similar and/or different properties.</li> <li>• Talk about what they see, using a wide vocabulary.</li> <li>• Begin to make sense of their own life-story and family's history.</li> <li>• Explore how things work.</li> <li>• Plant seeds and care for growing plants.</li> <li>• Understand the key features of the life cycle of a plant and an animal.</li> <li>• Begin to understand the need to respect and care for the natural environment and all living things.</li> <li>• Explore and talk about different forces they can feel.</li> <li>• Talk about the differences between materials and changes they notice.</li> </ul>
Reception	Communication and Language	<ul style="list-style-type: none"> <li>• Learn new vocabulary.</li> <li>• Ask questions to find out more and to check what has been said to them.</li> <li>• Articulate their ideas and thoughts in well-formed sentences.</li> <li>• Describe events in some detail.</li> <li>• Use talk to help work out problems and organise thinking and activities, and to explain how things work and why they might happen.</li> <li>• Use new vocabulary in different contexts.</li> </ul>

Science curriculum by aspect for each year group

Reception Continued	Personal, Social and Emotional Development		<ul style="list-style-type: none"> <li>• Know and talk about the different factors that support their overall health and wellbeing:               <ul style="list-style-type: none"> <li>- regular physical activity</li> <li>- healthy eating</li> <li>- toothbrushing</li> <li>- sensible amounts of 'screen time'</li> <li>- having a good sleep routine</li> <li>- being a safe pedestrian</li> </ul> </li> </ul>
	Understanding the World		<ul style="list-style-type: none"> <li>• Explore the natural world around them.</li> <li>• Describe what they see, hear and feel while they are outside.</li> <li>• Recognise some environments that are different to the one in which they live.</li> <li>• Understand the effect of changing seasons on the natural world around them.</li> </ul>
ELG	Communication and Language	Listening, Attention and Understanding	<ul style="list-style-type: none"> <li>• Make comments about what they have heard and ask questions to clarify their understanding.</li> </ul>
	Personal, Social and Emotional Development	Managing Self	<ul style="list-style-type: none"> <li>• Manage their own basic hygiene and personal needs, including dressing, going to the toilet and understanding the importance of healthy food choices.</li> </ul>
	Understanding the World	The Natural World	<ul style="list-style-type: none"> <li>• Explore the natural world around them, making observations and drawing pictures of animals and plants.</li> <li>• Know some similarities and differences between the natural world around them and contrasting environments, drawing on their experiences and what has been read in class.</li> <li>• Understand some important processes and changes in the natural world around them, including the seasons and changing states of matter.</li> </ul>

Science curriculum by aspect for each year group

<b>Living things and Habitats</b>	Autumn	Spring	Summer
Year 1	<ul style="list-style-type: none"><li>▪ explore and compare the differences between things that are living, dead, and things that have never been alive</li></ul>	<ul style="list-style-type: none"><li>▪</li></ul>	
Year 2	<ul style="list-style-type: none"><li>▪</li></ul>		<ul style="list-style-type: none"><li>▪ identify that most living things live in habitats to which they are suited and describe how different habitats provide for the basic needs of different kinds of animals and plants, and how they depend on each other</li><li>▪ identify and name a variety of plants and animals in their habitats, including micro-habitats</li><li>▪ Describe how animals obtain their food from plants and other animals, using the idea of a simple food chain, and identify and name different sources of food.</li></ul>

Science curriculum by aspect for each year group

<b>Living things and Habitats</b>	Autumn	Spring	Summer
Year 4	<ul style="list-style-type: none"><li>▪</li></ul>	<ul style="list-style-type: none"><li>▪ recognise that living things can be grouped in a variety of ways</li><li>▪ explore and use classification keys to help group, identify and name a variety of living things in their local and wider environment</li></ul>	<ul style="list-style-type: none"><li>▪ recognise that environments can change and that this can sometimes pose dangers to living things.</li><li>▪ construct and interpret a variety of food chains, identifying producers, predators and prey.</li></ul>
Year 6	<ul style="list-style-type: none"><li>▪ Identify how animals and plants are adapted to suit their environment in different ways and that adaptation may lead to evolution.</li><li>▪ describe how living things are classified into broad groups according to common observable characteristics and based on similarities and differences, including micro-organisms, plants and animals</li><li>▪ give reasons for classifying plants and animals based on specific characteristics.</li></ul>	<ul style="list-style-type: none"><li>▪</li></ul>	<ul style="list-style-type: none"><li>▪</li></ul>

**Science curriculum by aspect for each year group**

<b>Plants</b>	Autumn	Spring	Summer
Year 1	<ul style="list-style-type: none"> <li>▪ identify and name a variety of common wild and garden plants, including deciduous and evergreen trees</li> </ul>		<ul style="list-style-type: none"> <li>▪ observe and describe how seeds and bulbs grow into mature plants</li> </ul>
Year 2			<ul style="list-style-type: none"> <li>▪ identify and describe the basic structure of a variety of common flowering plants, including trees</li> <li>▪ Find out and describe how plants need water, light and a suitable temperature to grow and stay healthy.</li> </ul>
Year 3	<ul style="list-style-type: none"> <li>▪ identify and describe the functions of different parts of flowering plants: roots, stem/trunk, leaves and flowers</li> <li>▪ explore the part that flowers play in the life cycle of flowering plants, including pollination, seed formation and seed dispersal.</li> </ul>		<ul style="list-style-type: none"> <li>▪ explore the requirements of plants for life and growth (air, light, water, nutrients from soil, and room to grow) and how they vary from plant to plant</li> <li>▪ investigate the way in which water is transported within plants</li> </ul>
Year 5	<ul style="list-style-type: none"> <li>▪ describe the life process of reproduction in some plants</li> </ul>		<ul style="list-style-type: none"> <li>▪</li> </ul>
Year 6	<ul style="list-style-type: none"> <li>▪</li> </ul>	<ul style="list-style-type: none"> <li>▪</li> </ul>	<ul style="list-style-type: none"> <li>▪</li> </ul>

**Science curriculum by aspect for each year group**

<b>Animals</b>	Autumn	Spring	Summer
Year 1		<ul style="list-style-type: none"> <li>▪ notice that animals, including humans, have offspring which grow into adults (just before Easter)</li> </ul>	<ul style="list-style-type: none"> <li>▪ Describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene.</li> <li>▪ Identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense.</li> </ul>
Year 2	<ul style="list-style-type: none"> <li>▪ find out about and describe the basic needs of animals, including humans, for survival (water, food and air)</li> <li>▪ identify and name a variety of common animals including fish, amphibians, reptiles, birds and mammals</li> <li>▪ describe and compare the structure of a variety of common animals (fish, amphibians, reptiles, birds and mammals, including pets)</li> <li>▪ identify and name a variety of common animals that are carnivores, herbivores and omnivores</li> </ul>	<ul style="list-style-type: none"> <li>▪</li> </ul>	<ul style="list-style-type: none"> <li>▪</li> </ul>

**Science curriculum by aspect for each year group**

<b>Animals</b>	<b>Autumn</b>	<b>Spring</b>	<b>Summer</b>
Year 4	<ul style="list-style-type: none"> <li>▪ identify that humans and some other animals have skeletons and muscles for support, protection and movement.</li> <li>▪ identify the different types of teeth in humans and their simple functions</li> </ul>	<ul style="list-style-type: none"> <li>▪</li> </ul>	<ul style="list-style-type: none"> <li>▪ identify that animals, including humans, need the right types and amount of nutrition, and that they</li> <li>▪ cannot make their own food; they get nutrition from what they eat</li> <li>▪ describe the simple functions of the basic parts of the digestive system in humans</li> </ul>
Year 5	<ul style="list-style-type: none"> <li>▪</li> </ul>	<ul style="list-style-type: none"> <li>▪</li> </ul>	<ul style="list-style-type: none"> <li>▪ describe the ways in which nutrients and water are transported within animals, including humans.</li> <li>▪ identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood</li> <li>▪ recognise the impact of diet, exercise, drugs and lifestyle on the way their bodies function</li> <li>▪ describe the changes as humans develop to old age</li> </ul>
Year 6	<ul style="list-style-type: none"> <li>▪ recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago</li> </ul>	<ul style="list-style-type: none"> <li>▪</li> </ul>	<ul style="list-style-type: none"> <li>▪ describe the life process of reproduction in some animals.</li> <li>▪ describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird</li> <li>▪ recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents.</li> </ul>

Science curriculum by aspect for each year group

Materials	Autumn	Spring	Summer
Year 1		<ul style="list-style-type: none"><li>▪ distinguish between an object and the material from which it is made</li><li>▪ identify and name a variety of everyday materials, including wood, plastic, glass, metal, water, and rock</li><li>▪ identify and compare the suitability of a variety of everyday materials, including wood, metal, plastic, glass, brick, rock, paper and cardboard for particular uses</li></ul>	
Year 3	<ul style="list-style-type: none"><li>▪</li></ul>	<ul style="list-style-type: none"><li>▪ describe in simple terms how fossils are formed when things that have lived are trapped within rock</li><li>▪ compare and group together different kinds of rocks on the basis of their appearance and simple physical properties</li><li>▪ recognise that soils are made from rocks and organic matter.</li></ul>	
Year 4	<ul style="list-style-type: none"><li>▪</li></ul>	<ul style="list-style-type: none"><li>▪ compare and group together a variety of everyday materials on the basis of whether they are attracted to a magnet, and identify some magnetic materials</li><li>▪ recognise some common conductors and insulators, and associate metals with being good conductors.</li></ul>	

**Science curriculum by aspect for each year group**

<b>Materials</b>	Autumn	Spring	Summer
Year 6	<ul style="list-style-type: none"><li>▪ compare and group together everyday materials on the basis of their properties, including their hardness, solubility, transparency, conductivity (electrical and thermal), and response to magnets</li> <li>▪ give reasons, based on evidence from comparative and fair tests, for the particular uses of everyday materials, including metals, wood and plastic</li></ul>	<ul style="list-style-type: none"><li>▪ explain that some changes result in the formation of new materials, and that this kind of change is not usually reversible, including changes associated with burning and the action of acid on bicarbonate of soda.</li></ul>	<ul style="list-style-type: none"><li>▪</li></ul>

**Science curriculum by aspect for each year group**

<b>Solid, Liquid&amp; Gas</b>	Autumn	Spring	Summer
Year 2		<ul style="list-style-type: none"> <li>▪ describe the simple physical properties of a variety of everyday materials</li> <li>▪ Find out how the shapes of solid objects made from some materials can be changed by squashing, bending, twisting and stretching.</li> <li>▪ Compare and group together a variety of everyday materials on the basis of their simple physical properties.</li> </ul>	
Year 4	<ul style="list-style-type: none"> <li>▪ identify the part played by evaporation and condensation in the water cycle and associate the rate of evaporation with temperature.</li> </ul>	<ul style="list-style-type: none"> <li>▪ compare and group materials together, according to whether they are solids, liquids or gases</li> <li>▪ observe that some materials change state when they are heated or cooled, and measure or research the temperature at which this happens in degrees Celsius (°C)</li> </ul>	
Year 5	<ul style="list-style-type: none"> <li>▪</li> </ul>	<ul style="list-style-type: none"> <li>▪ use knowledge of solids, liquids and gases to decide how mixtures might be separated, including through filtering, sieving and evaporating</li> <li>▪ demonstrate that dissolving, mixing and changes of state are reversible changes</li> <li>▪ know that some materials will dissolve in liquid to form a solution, and describe how to recover a substance from a solution</li> </ul>	<ul style="list-style-type: none"> <li>▪</li> </ul>

Science curriculum by aspect for each year group

<b>Light and Sound</b>	Autumn	Spring	Summer
Year 1	<ul style="list-style-type: none"><li>▪ observe changes across the four seasons</li><li>▪ Observe and describe weather associated with the seasons and how day length varies.</li></ul>		
Year 3	<ul style="list-style-type: none"><li>▪</li></ul>	<ul style="list-style-type: none"><li>▪ recognise that they need light in order to see things and that dark is the absence of light</li><li>▪ notice that light is reflected from surfaces</li><li>▪ recognise that light from the sun can be dangerous and that there are ways to protect their eyes</li><li>▪ recognise that shadows are formed when the light from a light source is blocked by a solid object</li><li>▪ find patterns in the way that the size of shadows change</li></ul>	

**Science curriculum by aspect for each year group**

Year 4			<ul style="list-style-type: none"> <li>▪ identify how sounds are made, associating some of them with something vibrating</li> <li>▪ recognise that vibrations from sounds travel through a medium to the ear</li> <li>▪ find patterns between the pitch of a sound and features of the object that produced it</li> <li>▪ find patterns between the volume of a sound and the strength of the vibrations that produced it</li> <li>▪ recognise that sounds get fainter as the distance from the sound source increases</li> </ul>
<b>Light and Sound</b>	Autumn	Spring	Summer
Year 5	<ul style="list-style-type: none"> <li>▪ describe the movement of the Earth, and other planets, relative to the Sun in the solar system</li> <li>▪ describe the movement of the Moon relative to the Earth</li> <li>▪ describe the Sun, Earth and Moon as approximately spherical bodies</li> <li>▪ use the idea of the Earth's rotation to explain day and night and the apparent movement of the sun across the sky.</li> </ul>	<ul style="list-style-type: none"> <li>▪ recognise that light appears to travel in straight lines</li> <li>▪ use the idea that light travels in straight lines to explain that objects are seen because they give out or reflect light into the eye</li> </ul> <p>explain that we see things because light travels from light sources to our eyes or from light sources to objects and then to our eyes</p> <p>use the idea that light travels in straight lines to explain why shadows</p>	

**Science curriculum by aspect for each year group**

		have the same shape as the objects that cast them.	
--	--	--	--

**Science curriculum by aspect for each year group**

<b>Forces</b>	Autumn	Spring	Summer
Year 3		▪	▪ compare how things move on different surfaces
Year 4	<ul style="list-style-type: none"><li>▪ notice that some forces need contact between two objects, but magnetic forces can act at a distance</li><li>▪ observe how magnets attract or repel each other and attract some materials and not others</li><li>▪ describe magnets as having two poles</li><li>▪ predict whether two magnets will attract or repel each other, depending on which poles are facing.</li></ul>	▪	▪
Year 5	▪		▪ recognise that some mechanisms, including levers, pulleys and gears, allow a smaller force to have a greater effect.
Year 6	▪	▪	<ul style="list-style-type: none"><li>▪ identify the effects of air resistance, water resistance and friction, that act between moving surfaces</li><li>▪ explain that unsupported objects fall towards the Earth because of the force of gravity acting between the Earth and the falling object</li></ul>

**Science curriculum by aspect for each year group**

Electricity	Autumn	Spring	Summer
Year 3	<ul style="list-style-type: none"> <li>▪ identify common appliances that run on electricity</li> <li>▪ construct a simple series electrical circuit, identifying and naming its basic parts, including cells, wires, bulbs, switches and buzzers</li> <li>▪ identify whether or not a lamp will light in a simple series circuit, based on whether or not the lamp is part of a complete loop with a battery</li> <li>▪ recognise that a switch opens and closes a circuit and associate this with whether or not a lamp lights in a simple series circuit</li> </ul>		
Year 6		<ul style="list-style-type: none"> <li>▪ use recognised symbols when representing a simple circuit in a diagram.</li> <li>▪ associate the brightness of a lamp or the volume of a buzzer with the number and voltage of cells used in the circuit</li> <li>▪ compare and give reasons for variations in how components function, including the brightness of bulbs, the loudness of buzzers and the on/off position of switches</li> </ul>	<ul style="list-style-type: none"> <li>▪</li> </ul>
